"Your partners for dental fitness"

Appointment Policy

Keeping scheduled appointments is your first step in achieving dental health.

- . Plan appointments for days and times that you would reasonably expect to be available.
- . We prepare for your appointment and make sure to have the room, the staff and the materials available to meet your dental goals. As a courtesy to us, please allow 48 business hours (or more) notice if you need to cancel or reschedule your appointment. With this notice we may have time to help another patient.
- . It is discourteous to receive calls during your appointment so please turn off your cell phone. You can't talk if we are working.
- . Speak to us about any concerns regarding your appointments so that we can address them as soon as possible.
- . Your attention to dental health is an investment. Future appointments will be scheduled as needed to maintain your dental health and protect your investment.
- . Although we make courtesy confirmation calls it is still your responsibility to remember your appointment and to arrive on time.

I have read and commit to this appointment policy.
